Luxurious silky-smooth foam	• Provides a luxurious hand washing experience and leaves skin fresh after use.
Soap-free formulation with skin friendly pH value	• Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.

Saves water and energy	• Foam format can save up to 45% on water consumption and associated energy costs compared to lotion soaps.
Highly economical	• Only one dose is required for an effective hand wash, providing the equivalent of up to 43% more hand washes compared to standard lotion soap.
