Environmental Profile

All surfactants contained in **Clean and Clever** products meet the requirements of the EU Detergent Directive 2005 – 2004/648/EC. This requires all surfactants to break down both quickly and completely into harmless material such as CO₂ and water.

Description of Product

New solvent blend which safely and effectively removes graffiti from plastic and polycarbonate surfaces without damage – will not cause blooming or the surface to turn opaque. Surfactant system allows a unique “wash off” rinse away property so preventing residue waste on the surface. Low viscosity ensures quicker and more effective surface penetration than traditional gels.
