

## Persil Biological Autodose

### Biological fabric wash detergent for auto-dose machines

- Cost effective budget control
- Assured quality, choice and flexibility
- Clean safe working environment
- Ease of use
- With enzymes for exceptional cleaning
- Wash booster technology to help remove tough stains
- Prevents greying of whites
- Ideal for use with a cool programme

#### Cost effective budget control

Persil auto-dosed systems accurately dispense the right product at the right time, eliminating excessive cost caused by overdosing and spillage of manual products.

#### Clean safe working environment

Messy powder residues are eliminated keeping your machines and workspace clean and tidy. Products can be wall mounted to free up floor space and avoid accidents. Staff never have to come into direct contact with products.

#### Ease of use

- Reliable pumping system
- Easy to use handset
- 10 L canister for ease of handling and storage

# Persil Biological Autodose

## Biological Action

Persil's no need to pre-treat bio formulation tackles the toughest stains first time round so there's no need to pre-treat on hundreds of everyday stains. Hardworking cleaning enzymes, bleach and brightening agents combine to give you dazzling results. Persil Biological Autodose forms part of the Persil Professional range of products produced for professional users. For use in auto-dose machines.
