

Persil Non Biological Autodose

Non biological fabric wash detergent for auto-dose machines

Benefits

- Cost effective budget control
- Assured quality, choice and flexibility
- Clean safe working environment
- Ease of use
- Non biological action
- Dermatologically tested - ideal for sensitive skins
- Wash booster technology to help remove tough stains
- Ideal for use with a cool programme

Cost effective budget control

Persil autodosed systems accurately dispense the right product at the right time, eliminating excessive cost caused by overdosing and spillage of manual products.

Clean safe working environment

Messy powder residues are eliminated keeping your machines and workspace clean and tidy. Products can be wall mounted to free up floor space and avoid accidents. Staff never have to come into direct contact with products.

Ease of use

- Reliable pump system
- Easy to use handset
- 10L canister for ease of handling and storage

Persil Non Biological Autodose

Non Biological Action

Persil's non bio formulation tackles the toughest stains first time round. Non biological action and dermatologically tested so suitable for sensitive skin. Persil Autodose forms part of the Persil Professional range of products produced for professional users. For use in auto-dose machines.
