

# Comfort

## Comfort Professional

### Fabric conditioner for autodosed machines

#### Features

- Superb softness prolonging the life of fabrics
- Prevents build-up of static electricity
- Leaves fabrics with a gentle floral fragrance

#### Cost effective budget control

The Comfort Professional system accurately dispenses the right product at the right time, eliminating excessive cost caused by overdosing and spillage of manual products.

#### Product description

Comfort not only provides exceptional softness and a fantastic fragrance, it leaves clothes, towels and bedding feeling soft and gentle on your skin, helps them to breathe and protects the colours of your fabric. It also helps to keep your fabric looking newer for longer, and after washing it speeds drying times and helps making ironing easier.

#### Clean safe working environment

Messy powder residues are eliminated keeping your machines and workspace clean and tidy. Products can be wall mounted to free up floor space and avoid accidents. Staff never have to come into direct contact with products.

#### Ease of use

- Reliable pumping system
- Easy to use handset
- 10 L canister for ease of handling and storage
