

Suma[®] Linos

Liquid mechanical ware washing detergent for hard water

L6.8

Description

Suma Linos L6.8 is a concentrated liquid mechanical ware washing detergent specially formulated to provide excellent soil removal in hard water conditions.

Key properties

Suma Linos L6.8 is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It contains a blend of caustic alkali and scale control agents, which will provide excellent soil removal and anti-scaling in hard water conditions.

Benefits

- Quickly removes grease and dried-on-foods
- Highly concentrated formulation gives economy in use
- Prevents scaling of the dish wash machine even in hard water conditions

Use instructions

Suma Linos L6.8 is normally applied using Diversey Care automatic dispensing equipment. It can however be used in conjunction with integral dosing pumps where fitted. To ensure perfect cleaning results in hard water conditions, use at a minimum recommended dosing of 0.4 ml/l*. At 2 ml/l, this will prevent scale deposits in water containing up to 180ppm CaCO₃, 10.1°dH, 18°FH. Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures). At first use, rinse pump and transport tubes of the dosing system to avoid possible crystallization in these tubes caused by mixing of products.

Technical data

Appearance	clear yellow liquid
pH (1% solution)	12.2
Relative density	1.26

These figures are typical values and should not be interpreted as specifications.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet. Store in original container. Avoid extremes of temperatures.

Product compatibility

Under recommended conditions of use, Suma Linos L6.8 is suitable for use on most materials commonly encountered in the kitchen. However do not use on alkali sensitive items such as copper, brass, aluminium or rubber.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey Care representative for directions.*
