

Patient Wet Cleansing Wipes

Dual Action Cleaner & Moisturiser

These soft and gentle skin safe patient cleansing wipes include soothing aloe vera for a quick and easy body cleaning solution.

Combining strength, softness and absorbency, Uniwipe® Midi-Wipe Patient wet wipes are the perfect solution for individualised continence care, bathing regimens and any other type of patient care.

The advanced formula and soft fabric means they'll stay wetter for longer, giving greater flexibility for cleaning routines.

Dermatologically tested – safe & kind to skin
